## July Outreach of the Month

The Parkville Women's Clinic is our outreach of the month. This ministry supports moms, dads, and babies in our community who are in need. They offer classes, free medical services, and many resources. They had over 3,000 clients in 2021, so they need a new building! You can make a special gift for them in the offering or buy an item from their wish list in the lobby. (The Amazon wish list link can also be emailed to you.) Gifts and Baby Bottles need to be returned to church by July 30.
